

“First Sixty Years”

BS SWIFTS FC

1952/53 – 2013/14

coming soon

A book (over 500 pages) detailing the 60 year history of Bishop's Stortford Swifts is shortly to be published. It details how it began; getting together, friendlies, meetings, Junior Leagues. There was a venue change, before entering higher grade football with the Mid Essex League, before becoming a founder member of the Essex Olympian League (with its ever changing developments), which became the Essex Intermediate League before changing back to its original name — why was that?

Explains who ran the club, the many teams discovered and the league and cup competitions played. It displays Club Honours and known Swifts representatives. It includes an index of known officers & players, yearly League positions with many photos (in black & white).

Finally, it summarizes the years after 2013/14 up to the present season. Search the index to see if your name was found.

Sponsored by former Swifts founders, all profits will go toward club funds and, hopefully, be launched at Swifts clubhouse in late June or early July. Watch out on bsswiftsbook.co.uk
